

Yale Summer Session proudly presents:

The 3rd Annual YSS Lecture Series

**Allan Dafoe, Assistant Professor, Political Science –
Yale University**

The AI Revolution and International Politics

Artificial Intelligence (AI) is advancing rapidly, probably becoming superhuman at strategically important tasks in the coming decades. This revolution will transform the balance of power, the sources of wealth, and international politics. The potential benefits of the AI revolution are vast, but so are the potential risks. New worldviews and forms of global governance will be required to navigate this revolution.

Wednesday, June 28th, 5pm

250 Loria Center, 190 York St.
