**General Information on Course**

CHNS S140 is a continuation of Chinese 130 for true beginners at the intermediate level. Enrollment is screened to exclude those students who have already acquired oral fluency through ways other than from the elementary college course. Those students are advised to take Chinese 132.

Chinese 140 meets Monday - Friday for 75-minute synchronous classes on Zoom and one-hour asynchronous study, which you should complete before class. You should also prepare for and attend a 30-minute one-on-one tutorial each day. Besides the time mentioned above, you are expected to spend 2-3 hours every day, preparing for class, reviewing for tests, and doing homework.

**Instructional language is exclusively Chinese, and you are expected to speak in Chinese during class time.** In class activities include drills, games, organized oral exercises such as making dialogs, presenting a narrative, discussion, debates, performing a skit, and many interactive activities.
Objectives

Chns S140 helps you reinforce what you have acquired in the elementary course and continue to expand your skills in listening, speaking, reading, and writing, by studying a variety of texts covering different aspects of daily life, simple academic subjects, cultural settings, and limited written expressions. Finishing the course, you are to be able to communicate more comfortably and confidently with native speakers of Chinese on simple daily and academic subjects and to have acquired a solid reading and writing knowledge to get ready for studying semi-authentic and authentic Chinese texts at advanced levels. You will also gain knowledge and understanding of Chinese culture.
